## PROFILE

---

Dynamic and result-oriented Developer building interactive and scalable web applications. Proficient in front-end and back-end development using modern JavaScript frameworks/libraries like React.js and Node.js. Skilled in translating business requirements into technical solutions and collaborating effectively in cross-functional teams.

## PROFESSIONAL EXPERIENCE

---

### Full-stack Developer-intern

Apr 2024 – present | Pune, India

Revdau Industries Private Limited,Pune

- Developed and maintained front-end components using React.js, resulting in a improved user engagement metrics.
- Implemented back-end services with Node.js and Express.js, optimizing API performance and reducing response time.
- Collaborated with cross-functional teams to design and implement new features, ensuring alignment with project requirements and timelines.
- Conducted code reviews and provided technical guidance to junior developers, fostering a culture of continuous learning and improvement.

### Front-End Developer-intern

Jan 2022 – Jul 2022 | Kolhapur, India

iGAP Technologies Private Limited,Kolhapur

- Assisted in the development of client-side features using Angular, contributing to the successful launch of a new product line.
- Participated in daily stand-ups and sprint planning meetings, actively contributing ideas and solutions to improve team efficiency.
- Resolved bugs and issues reported by QA testers, maintaining high-quality standards throughout the development lifecycle.

## PROJECTS

---

### To-Do List Application

- Developed a responsive To-Do List Application using HTML, CSS, and JavaScript for efficient task management.
- Implemented dynamic task addition, editing, and deletion features with persistent data storage using the Local Storage API.
- Designed a user-friendly interface with a clean, intuitive layout and basic animations to enhance user experience.
- Utilized best practices in DOM manipulation and event handling to ensure smooth functionality and seamless user interactions.
- Optimized the application for cross-device compatibility, ensuring accessibility on desktops, tablets, and smartphones.

### Multi-Vendor E-commerce Application

- Developed the frontend of a multi-vendor e-commerce platform using Angular for a dynamic and responsive user interface.
- Implemented product listing, shopping cart, and checkout pages, ensuring a seamless and intuitive user experience.

- Integrated with backend services by firing RESTful APIs for user authentication, product data retrieval, and transaction processing.
- Ensured secure data handling and smooth user interactions through effective use of Angular services and components.
- Collaborated with backend developers to align on API endpoints and troubleshoot issues, optimizing the overall application performance.

### Reimbursement Application

- Implemented key features such as expense submission, approval workflows, and status tracking to deliver a smooth user experience.
- Utilized React hooks (useState, useEffect) for effective state management and handling side effects, improving code clarity and maintainability.
- Facilitated efficient data flow between components using props, promoting a clear and modular component structure.
- Integrated with backend services by making RESTful API calls for data retrieval and transaction processing, ensuring secure and efficient communication.
- Collaborated with backend developers to enhance API performance and ensure reliable data handling and storage with MySQL.

### Library Management System

- Developed a user-friendly console interface for interacting with the system.
- Automated routine library management tasks, reducing manual effort and improving efficiency.
- Gained practical experience in Java programming, data management, and problem-solving.

## EDUCATION

---

### Masters in Computer Application (M.C.A)

Bharati Vidyapeeth university, 91.86 %

Kolhapur, India

### Bachelor of Computer Applications (B.C.A)

Shivaji University, 67.64%

Kolhapur, India

### H.S.C

Maharashtra State Board, 61.38%

Kolhapur, India

### S.S.C

Maharashtra State Board, 80%

Kolhapur, India

## SKILLS

---

### Programming Languages

Javascript, Core Java

### Web Technologies

Html, Css

### Framework

Angular, NodeJS ,Bootstrap

### Database

MySQL, MongoDB

### Libraries & others

ReactJS, Sequelize, Postman, JSON

## LANGUAGES

---

- English
- Hindi
- Marathi
